

**Lift Your Spirits !!!**

**POSITIVE POTENTIAL FREE LECTURE SERIES**

**PURPOSE / RATIONALE**

We are living in challenging times that often make it difficult to maintain a positive outlook. The Positive Potential Network Lecture Series is designed to provide participants with valuable information that will help them constructively deal with the challenges life brings. It serves as a vehicle for people from diverse backgrounds to gain insights and network with others in order to help maintain a proactive and positive outlook on life. Whether one is committed to lifelong learning, experiencing difficult times in their life, or whether one simply needs a “shot in the arm” to keep them looking at the bright side of life, the Positive Potential Network Lecture Series will be helpful.

**THIS SEASON MARKS OUR 14th YEAR**

Dr. Nancy Utterback of Communicate Institute Training and Development, Inc. first began the Positive Potential Network series in 1988. From 1988 thru 1994 a diverse group of individuals from a variety of backgrounds met once a month at various restaurants around Stark County for a meal, fellowship and a monthly presentation by Nancy. As Nancy’s schedule became more hectic the program was discontinued. However, in 2003 Nancy believed it was time to revive the program after a ten year absence and Walsh University has been gracious enough to let us use their facilities. In our 14 year history hundreds of people have participated in one or more of the sessions.

**LECTURE SERIES SPONSOR**

Nancy and Kurt Utterback of Communicate Institute Training and Development, Inc. sponsor the Positive Potential Network Lecture Series. They are very appreciative of Walsh University’s generosity in providing space to hold this series. Most of the presentations will be made by Dr. Nancy Utterback. Nancy has been a full time professional speaker and trainer since 1987 with the goal of bringing out the best in people and organizations. She has made over 2,500 presentations to a wide variety of clients in both the profit and non-profit sector. Nancy’s keynotes and training in the areas of communication, team building, leadership, customer service, attitude and achievement have earned her both state and national honors. Nancy’s volunteer work included helping to facilitate the Leadership Stark County retreat for 22 years. She also played a major role in bringing the “Character Counts” movement to Stark County.
